KAISER+KRAFT

EVERYTHING FOR THE BUSINESS.

A pilot project for NHS Supply Chain

Ordering through NHS Supply Chain

NHS Supply Chain aims to make everything as easy and straightforward as they can for you when it comes to buying Kaiser + Kraft products through the **Warehouse & Wholesaling Equipment** pilot contract.

They are working closely with us to offer you competitive prices, whilst not compromising on product choice or quality, enabling you to save time and money by not having to go out to tender.

Through their single order solution, they offer ordering, delivery and invoicing arrangements to suit your needs, whilst ensuring maximum flexibility.

From order to invoice, the process is simple, cost-effective, efficient and appropriate to your way of working, enabling you to focus on patient care and the things that matter most to you.

Why choose NHS Supply Chain for Kaiser + Kraft products?

- savings opportunities – the 1,000 products selected by NHS Supply Chain for this catalogue offer you savings of 10% against Kaiser + Kraft list prices
- negate the need to OJEU tender – NHS Supply Chain has set up a national pilot contract for you to purchase through
- high quality national service – NHS Supply Chain is a resilient, safe and consistent service, enabling you to reduce risk
- responsible supplier – as part of the NHS, you can trust NHS Supply Chain to be a responsible supplier, a trusted advisor and a collaborative business partner
- convenient ordering – NHS Supply Chain's online ordering system allows you to order all of your products quickly and easily
- customer feedback – NHS Supply Chain listens to what you want and constantly reviews the market for innovation.

Placing your order

You can order your Kaiser + Kraft products quickly and easily through the NHS Supply Chain online ordering system, e-DC (electronic data capture) or through P2P (Purchase to Pay) using EDI (Electronic Data Interchange). Placing your orders electronically not only saves you time and paperwork but also helps NHS Supply Chain manage costs, which means even greater cost savings for you.

Online ordering

NHS Supply Chain's online ordering system provides you with an easy way to place orders from our catalogue. Key features include:

- online requisitioning and order tracking, eliminating paper based systems
- online catalogue updated daily, with search and browse facility
- order authorisation levels
- ability to customise your own trust catalogue
- reduced lead time for frontline staff.

e-DC

NHS Supply Chain's e-DC (electronic data capture) offers you the latest in electronic technology with state of the art handheld equipment, giving you all the benefits of a Microsoft Windows based system:

- high specification PDAs (personal digital assistant)
- two dimensional scanners using the latest barcode technology
- ability to order both stocked and non-stocked items
- faster download time
- large capacity memory, with the ability to save orders
- continual upgrades and software developments
- wi-fi enabled (subject to trust wireless network access).

Purchase-to-Pay (P2P)

You can also order products through your own P2P system. Product details can be exported from NHS Cat (online catalogue) onto your own system. You can place your order via electronic data interchange (EDI) onto our order management system. Orders are tracked through our online ordering system. For more information about P2P, contact your local customer service advisor (see next page for details).

Receiving, checking and returning your goods Deliveries to meet your needs

NHS Supply Chain is committed to providing a flexible and comprehensive delivery service to meet the needs of our customers.

All products will be ordered via the eDirect system, meaning they will be ordered and invoiced via NHS Supply Chain, but delivered directly by Kaiser + Kraft to the location in the trust specified with the order. Small items will be delivered by a parcel carrier in which case delivery will be made to the normal goods inwards point in your facility.

Receiving and checking your order

- for all orders, please ensure staff are available to accept deliveries made by the Kaiser + Kraft logistics partner Rhys Davies Freight Ltd (RDFL)
- these orders will be off-loaded at agreed delivery points and presented to the receiving staff for inspection, accompanied by a delivery note
- orders should be checked carefully upon receipt and order discrepancies or damaged products should be raised with the RDFL driver and noted on the delivery note
- any damaged products should be handed back to the driver making the delivery
- Kaiser + Kraft understands that it is possible that delivery damage can be concealed within delivery packaging and only becomes visible later and will always replace such goods if notified via NHS Supply Chain of the requirement for credit and re-supply within 5 working days of the original delivery.

Returning goods

- The Kaiser + Kraft policy implemented via NHS Supply Chain is to take back unsuitable goods up to 30 days after delivery and to issue full credit so long as the goods remain in original packaging and are unused.
- eDirect returns need to be advised to your local NHS Supply Chain customer service office together with your original order numbers and goods made available for collection by Kaiser + Kraft.

Additional NHS Supply Chain services

NHS Supply Chain offers the best supply chain solutions to deliver value to your organisation. They provide you with comprehensive e-information on all orders through their systems – products supplied and delivered by them or simply ordered through them.

e-information

Their website is an invaluable communication resource, providing you with up-to-date reports, services and information on any issues affecting you and your trust. We encourage you to visit their website www.supplychain.nhs.uk regularly for up-to-date news and information.

Their e-information service offers you:

- a full suite of demand management reports specific to your own trust, allowing you to monitor and manage your own spend with NHS Supply Chain
- a full suite of best practice information available to enable you to follow a 'once only' policy in undertaking supply chain projects
- up-to-date information in a user-friendly format with easy navigation, and downloadable for use in your own files and systems
- comprehensive information made freely available, demonstrating our commitment to transparency.

e-commerce solutions

NHS Supply Chain's award winning suite of e-commerce solutions is available free of charge to you and includes online ordering, e-DC, e-billing and e-information.

Benefits include:

- end-to-end electronic transaction capability, helping you to reduce purchasing costs
- full training and support from NHS Supply Chain (Contact your local NHS Supply Chain customer service advisor, see box below for details)
- continual/ongoing system development based on direct customer feedback.

NHS Supply Chain e-billing

All goods delivered by Kaiser + Kraft will be invoiced to your trust by NHS Supply Chain in one consolidated weekly invoice. This invoice is supported by a customised electronic file transfer of all transaction data direct into your financial ledgers, enabling you to undertake your own budget monitoring and control. Our full billing service allows you to receive your invoices electronically.

Benefits of e-billing include:

- accurate accessible information
- Microsoft Excel compatible downloads
- weekly transaction file sent direct to trust
- electronic payments, reducing your internal costs
- budget holder report summarising invoice details.

NHS Supply Chain customer support services

In addition to their office-based customer services team, NHS Supply Chain has a network of regional account managers who will ensure your service requirements are met, and supply chain development and initiatives are pursued.

Details of your local NHS Supply Chain account manager can be found on their website www.supplychain.nhs.uk/accountmanagers

Regional NHS Supply Chain customer services

Depot	Area	Telephone

If you need help ordering your Kaiser + Kraft products, your local NHS Supply Chain customer services team will be happy to guide you through the ordering process.

Trucks, Trolleys and Transport

Portering, Stores, Pharmacy, Hotel Services, Estates & Engineering, Catering everyone needs trucks and trolleys to move goods, equipment, records and samples around their site. K+K trucks and trolleys are made in Germany, built for long lasting service and available in every combination of design, colour and accessory to fit every task in a busy healthcare environment.

Platform Trucks

Platform trucks are low cost workhorses available with either solid rubber tyres or pneumatic for outdoor use capable of transporting up to 500 kilos on a non-slip platform base.

Plastic pallets and stacking frames

Washable plastic pallets ensure hygienic storage, combined with stacking frames they store bulky materials space efficiently without racking

Pallets with four load bearing feet and perforated deck in charcoal low density polyethylene

I x w x h (mm)	600 x 400
Max load (kg)	500
Price (£)	62.10
Order code	TUZ1786
Pack	5

Pallets with nine load bearing feet and perforated deck in charcoal low density polyethylene - nestable

I x w x h (mm)	1200 x 800
Max load (kg)	4000
Price (£)	30.60
Order code	TUZ1788
Pack	each

Black plastic four way heavy duty pallet

I x w x h (mm)	1200 x 800
Max load (kg)	4000
Price (£)	43.20
Order code	TUZ1787

Pallet extension frame plastic

Creates a storage box from a plastic pallet 200 mm depth for 1200 x 800 pallets can be used in multiples to create higher box 4 corner hinges

Price (£)	106.20
Order code	TUZ1785

Environmental Protection – Hazard reduction

Legislation on safe storage of flammable and water hazardous chemicals becomes ever stricter. Kaiser + Kraft has solutions to mitigate the risks of even the most hazardous materials

Sump trays, drum stands and drum pumps, spill kits

Create bunded storage using these fully sealed sump trays, grids and stands and dispense safely using these certified drum pumps

Sump tray steel bunded for hazchem storage

Hot dip galvanised sump tray in sheet steel with galvanised grate for safe storage of drums containing water hazardous flammable and non-flammable liquids

I x w x h (mm) 1200 x 800 x 360
Price (£) 306.90
Order code TUZ1557

Sump tray plastic bunded for hazchem storage

Sump tray in blue polyethylene capacity 60 litres with galvanised grate standing on four moulded feet fully resistant to oils, acids and alkalis

I x w x h (mm) 600 x 400
Price (£) 160.20
Order code TUZ1559

Drum stand plastic for 200 or 60 litre drums

Suitable for either plastic or steel sump tray inverts to hold either 60 or 200 litre drum

h x w x d (mm) 390 x 475 x 620
Price (£) 72.90
Order code TUZ1934

60 litre

Drum pump manual for hazardous chemical dispensing

For drums up to 60 litres manual squeeze pump with threaded 64 mm connector suitable for alkalis, acids but not oils, solvents or fuels

Price (£) 89.10
Order code TUZ1933

Sump trays, drum stands and drum pumps, spill kits

Adapter kit for drum pump

Adapter set for drum pump for all standard drum neck threads

Price (£) 43.20

Order code TUZ1013

Facilities Management and Maintenance

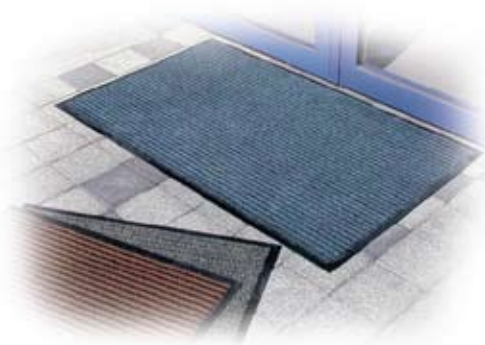

Keeping the patient, public and working environment safe, clean and properly maintained requires a huge range of different items, some difficult to find. Kaiser + Kraft brings together some of the most important – easy to find, easy to use

Entrance matting and anti-fatigue matting

Properly sized entrance mats keep dirty water and mud away from hard floors and expensive to clean carpets and reduce slip hazards. Anti-fatigue mats ensure that staff required to stand for long periods such as lab or pharmacy have underfoot comfort.
